communities

SHEVLIN

for

Wilsonville City Council

VOTE FOR SOUND JUDGEMENT

Dear Charbonneau Neighbor:

Many of you may know me from my role on the Charbonneau Country Club Board of Directors. Or perhaps my volunteer work on various clubs and committees in our beautiful community. My husband and I have been residents of Charbonneau for 12 years, and during that time I have come to love this special place we call home.

Charbonneau has a long history of providing leadership in Wilsonville city government. I have chosen to run for City Council in the upcoming November election because I believe in our city and want to represent all voices within our community. I have a track record of proven leadership and believe my experience can have a positive impact on leading our city into the future.

I am appealing to you directly and asking that you support my campaign. I suggest that you visit my webpage at this address: www.shevlinforwilsonville.com to learn more about me, and matters that are of importance to our community. If you like what you see, and you can afford to do so, I ask that you contribute to my campaign. Any amount will help. You can do so at this address: <https://secure.anedot.com/friends-of-anne-shevlin/donate>.

And if you have questions or concerns that you would like to discuss with me, you can contact me at this email address: shevlinforwilsonville@gmail.com. I will get back to you via email or by phone if you leave me your number.

Thank you, in advance for your support. Please join me in working together for a healthy, vibrant Wilsonville!

Anne Shevlin
